

Learning Outcome 4

Children are
confident and
involved learners

Ways to identify Learning Outcome 4 in the program and routine

Play
alongside
children

Children
have the
ability to
explore and
experiment

Children are
challenged to use
a range of skills in
areas of their
interest through
resources, questions
and role playing

Educators
think outside
the square
when
planning

Make
learning fun,
engaging
and
meaningful

Children are
allowed to fail
and challenged
to problem solve
solutions

Experiences
are created that
encourage
children to
transfer skills to
different
activities

Children are
encouraged
to be creative
and
expressive

Children can
create their
own play with
open ended
resources

Natural
resources
provide
sensory
input

Children are
invited to
guess what
might happen
if...

Children
have
choices

Children
have access
to music to
extend
learning

Technology
can be old
phones and
keyboards, or
pulling apart
items
