

Early Childhood Support Services

2026 Webinar Schedule

About RARE

Established in 2016 RARE is owned and operated by Rachel Rooke, an ECT with 25+ years experience working in the early childhood sector in a range of different roles and service types. Rachel created RARE when other training provided was either too prescriptive and not adaptable for different contexts, or too theoretical and hard to work out how to practically implement the ideas that were shared.

RARE aims to provide reflective prompts, tips and ideas that are founded in theory and research but can easily be adapted to the specific needs of your context. Since 2016 Rachel has worked with services all across Australia and has developed over 250 different training topics to support all levels of educators from trainees through to management and leadership.

Qualifications

Bachelor Education (Early Childhood Education)(4yr)
Master of Educational Leadership (Specialising in Early Childhood)
Graduate Certificate in Statutory Child Protection
Advanced Diploma in Community Service Management
Diploma Positive Psychology
Cert IV Training & Assessment
Cert IV Work Health & Safety
Cert IV Environmentally Sustainable Management

Other services

Workshops

Any of the webinar topics can be turned into workshops for your team, starting at 90 minutes and continuing up to a full day of training. Workshops can be adapted to meet your needs.

Consultation

Individualised consultation is offered either face to face or virtually to support you with your needs from A&R prep to identifying ways to support individual children.

Documents

RARE has documents available through the store and works closely with services to develop and create individualised documents to support and streamline practices.

Free Resources

There are hundreds of free resources available to guide practice, prompt critical reflection and develop understanding on a range of different topics. All available through the website.

Visit www.rare.support for more information or to get in touch

Subscriptions

If you cannot decide which webinars suit you or are looking at purchasing a range of different webinars then subscriptions are the most cost effective way to do this.

Once you purchase a subscription you receive a link that provides access to all of the recorded webinars and any of the scheduled webinars in that 12 month period from the date of your purchase.

Each webinar watched from the subscription is issued with a certificate, upon request, which will go to the email address used in the order. Once your 12 months is up an invitation to renew will be issued with an invoice for the next 12 months.

With webinars ranging from creating a better understanding of the requirements and working within the NQF through to webinars that challenge ideas and support a positive culture within organisations there is something for everyone.

The webinar recordings are split up into sections to make them easy to find. There is even a Family Day Care specific section to the subscription channel as several FDC schemes have subscriptions.

All webinars in the subscription count towards teacher elected PD for accredited teachers across Australia. RARE is a recognised provider for NESAs.

Subscriptions start as individual and then go up in size ensuring that there is a suitable subscription for all organisations.

Important Webinar Information

All webinars are pre-recorded to make it easier for educators to access them at their convenience. Webinars will be released at the start of the month so that there are new webinars released across the year.

If you purchase an upcoming webinar the link for the webinar and the handout will be released at the start of the month through the store. You will get an email with the links attached or you can download them from your account in the store.

All emails are issued to the email address used in the order so please check that this is correct. You may also find emails go to spam/junk folders as they are sent through semi-automated systems. Emails are not issued to individual educators, only to the email address used in the order.

When you watch the recording you will be prompted as to how to request your certificate at the end of the webinar. These will be issued within 48 hours of the request being received to the email address used in the order. Please make sure that you provide all details required.

For group bookings of webinars please contact RARE to discuss your needs and get a quote. All individual webinars will only receive 1 certificate per webinar.
